

Chronic Illness Benefit medicine list (formulary) 2022

Who we are

Engen Medical Benefit Fund (the Fund), registration number 1572, is a non-profit organisation, registered with the Council for Medical Schemes and administered by Discovery Health (Pty) Ltd, registration number 1997/013480/07, an authorised financial services provider.

Important information you need to know

We may change the information contained in this document from time to time. We will communicate any changes to the way we pay medicines when we make these changes.

The Chronic Illness Benefit (CIB) is managed in line with the Fund rules. The use of the benefits and programmes linked with the Chronic Illness Benefit are subject to specific conditions and rules. Members must make sure that they know these rules and conditions. The Fund rules can be accessed on www.engenmed.co.za.

Any instructions or advice on medicines and the management of the member's condition are intended to add to, and not replace, the knowledge, expertise, skill and judgement of the member's doctor, pharmacist or other healthcare professional.

The Fund reserves the right to change the benefit at any time.

The Chronic Illness Benefit (CIB) covers a comprehensive list of chronic conditions that includes asthma, diabetes, high cholesterol and high blood pressure. The Chronic Disease List (CDL) is a defined list of chronic conditions we cover according to the Prescribed Minimum Benefits (PMBs).

You have full cover for authorised medicine on the Fund's medicine list. Authorised medicine not on the medicine list, will be funded up to the Maximum Medical Aid Price (MMAP).

For more information call us on 0800 001 615 or visit us at www.engenmed.co.za.

About some of the terms we use in this document

There may be some terms we refer to in the document that you may not be familiar with. Here are the meanings of these terms.

Terminology	Description
Active ingredient	This is the main substance in a medicine that is responsible for the clinical action on a human body.
Benefit year	A benefit year refers to the benefits a member is entitled to during a calendar year, that is to say 1 January to 31 December. This medicine list (formulary) is applicable for 2022 only.
Chronic Disease List (CDL)	A defined list of chronic conditions we cover according to the Prescribed Minimum Benefits.
Medicine class	This describes medicines that have similar chemical structures or similar therapeutic effects.
Prescribed Minimum Benefit (PMB) conditions	<p>In terms of the Medical Schemes Act of 1998 (Act number 131 of 1998) and its regulations, all medical schemes have to cover the costs related to the diagnosis, treatment and care of any life-threatening emergency medical condition, a defined set of 270 diagnoses and 27 chronic conditions. These conditions and their treatments are known as the Prescribed Minimum Benefits (PMB).</p> <p>All medical schemes in South Africa have to include the Prescribed Minimum Benefits (PMBs) in the health plans they offer to their members. There are, however, certain requirements that a member must meet before he or she can benefit from the Prescribed Minimum Benefits. The three requirements are:</p> <ul style="list-style-type: none"> • The condition must be part of the list of defined PMB conditions • The treatment needed must match the treatments in the defined benefits on the PMB list • Members must use the scheme's designated healthcare service providers.
